Something Kissable

Colourpop Ultra Matte Love Bug

Retail \$6

I'm in LOVE with this color! Sometimes all you need is a bold little lip to get the party in your life started. This is such a pretty spring shade that you can wear matte or mix and match with your favorite lip-glosses. Great for every skin tone and the lasting coverage is insanely good.

Saz Tip

Hydrating the lips is key! Always make sure to rub a little bit of coconut oil, or exfoliate your lips with a damp towel before applying a bold lip color.

This ultra-matte formula goes on a little thick, so make sure to apply evenly and gently blot your lips after you've applied 1-2 coats maximum.

Something Gold

Colourpop Jinxie Super Shock Shadow

Retail \$5

This pretty soft gold is another spring favorite. I love that you can wear it alone or use it as a metallic finishing touch on a bold smokey eye. This will instantly awaken your eyes and give you that fresh spring look!

Saz Tip

Skip the brush and use your ring finger to gently dab just a little bit of Jinxie to the inner corners of your eyes to make them POP!

Looking for something more dramatic? Use a thin, firm brush to apply this with smooth strokes next to your lashline for a bold metallic statement.

Something Fierce

Maybelline EyeStudio Precise Micro Pencil

Retail \$7.99

Great eyebrows can make a fierce statement.

You're going to love one of my favorite brow tools to use to tame and shape your brows. The microtip makes it easy to create a beautiful and natural looking brow - without the extra fuss!

Saz Tip

Use the tip of pencil to lightly outline & fill the underside of your brow arch from tip to tail. Then use the brush to gently sweep upward to groom your brows into place. Naturally thick brows? Use this to slightly shape and fill in the gaps!

Blend a bit of concealer or highlighter onto your brow to add a precise looking line to your arch! It's also great for clean up.

Something Dramatic

Maybelline Lasting Drama Waterproof Pencil

Retail \$7.99

I am absolutely addicted to gel eyeliner - it's one of my favorite affordable finds! Whether you're going for something dramatic or something light and simple, you won't be disappointed when achieving your best looks.

Saz Tip

It's so easy to use (even if you have a shaky hand) and stays put throughout the day.

Cheat the perfect line by going over it the eyeliner with a small (clean) precision brush for a quick touch-up.

Something Hydrating

dpHUE Argan Oil (Travel)

Retail \$10

I recently got a bob haircut & discovered that this had kept my hair's natural texture in control & the frizz away! My hair looked so shiny, hydrated and healthy, without weighing it down or looking like I've used any product at all.

Something Soft

Soap & Glory Hand Cream

Retail \$3.25

Everytime I wear this hand cream people ask me what perfume I'm wearing! That's how amazing it smells. I'm especially #obsazzed with this because it instantly makes my skin feel amazing and fresh everytime.

Something Sparkling

GOSMILE Teeth Whitening Gel

Retail \$15

Say cheese! Your smile should always light up the room! :) Try this treatment for a quick and fun way to get that extra, mega-watt boost smile when you're in a rush and need a quick fix.

Saz Tips

Dry hair? Use to to add shine and moisture for a bouncy & beautiful look!

Wet hair? Use before any heat styling to protect your hair & speed drying time.

Rub a little of this on any hangnails or rough spots on your hands -- it'll help heal your hands and leave them feeling super soft and gentle.

Something Fresh

A new season can take a toll on your skin, and it sent me looking for something innovative. A thin layer of this gel can instantly help restore the skin, reduce redness and zap those annoying zits!

Something Summer

Body Shop Body Butter

Retail \$21

Spring is here, but summer is just around the corner so why not get ready for it? I have an obsession with body butters & love a good smell! I'm throwing in a few favorite scents for you guys to try -- tell me which one you get!

Saz Tips

After washing your face, spritz a little of this spray directly or to a cotton round to tighten your pores and create a healthy, glowing base for face cream or your favorite moisturizer.

Incorporate this into your daytime or nighttime skincare routine. Apply a thin layer, once a day, all over your face **BEFORE** your moisturizer to help clear up any problem areas & restore the skin.

All of the Body Shop's products are 100% vegetarian, cruelty-free and sustainable -- which I adore!
